Annual Art & Science Exhibition

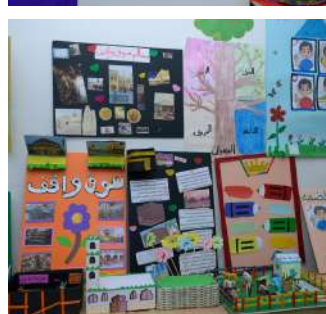

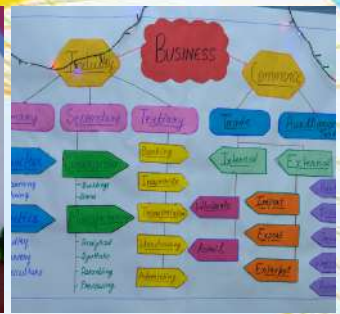

26 May 2023

Loyola International School hosted its highly anticipated Annual Science and Arts Exhibition, aptly named "Reflections". The event showcased the remarkable talents and achievements of the school's students, spanning across various scientific, artistic, and technological disciplines. The event began with a grand inauguration ceremony featuring mesmerising cultural shows, and the exciting reveal of the event's name. Mr Sachin Dinkar Shankpal, First secretary Education, Culture and Information, Embassy of India to the state of Qatar, graced the occasion as the Chief Guest, delivered an inspiring speech on the importance of nurturing young minds and commended LIS for its commitment to providing a holistic education that fosters creativity, innovation, and critical thinking.

The exhibition showcased a wide range of projects, from robotics and motion sensors, working models of vital organs to exhibits flaunting literature and languages. The students' knowledge and innovation were on full display as they passionately explained their projects to visitors. In addition to the scientific exhibits, captivating theater plays and beautifully crafted art projects added an artistic touch to the event.

The exhibition also featured selfie booths, engaging games, and food stalls, creating a festive and educational atmosphere. Mr Pramod Kumar Ranwaka, the Principal of LIS, expressed his pride and appreciation for the students' exceptional work, remarking, "The Annual Science and Arts Exhibition provides a platform for our students to showcase their talents and pursue their passions. 'Reflections' has been a resounding success, encapsulating the spirit of exploration, creativity, and academic excellence that we strive for at our school." The event drew to a close with a sense of accomplishment and excitement, leaving a lasting impression on all who attended.

Student Council

03-11 May 2023

A leader is the one who knows the way, goes the way, and shows the way!

The student Council is truly a representative body who bridge the communication between the student body and the faculty. A fully laid-out election process gave the school its torch bearers. Recognizing and honoring them in the Investiture ceremony signifies the reliance and confidence that the school consigns in the newly invested office bearers. The aim of institution for a Student Council is to enable our students to understand their rights, duties and responsibilities and to empower and train them to become leaders of tomorrow!

To motivate these young leaders, Mr. Shahnvas Bava (President - Indian Community Benevolent Forum, Qatar) graced the occasion as the Chief Guest and guided them to be the best leaders they can be. Principal Mr. Pramod Kumar Ranwaka also enthused the council with their moving speeches. The student leaders were conferred with badges and sashes. Along with donning the mantle of accountability, they also pledged to uphold the values and traditions of this great institution and bestow their duties to the best of their abilities. Spectacular display of the Council's March-Past evidently showed the pride they carry as the office bearers of Loyola International School. Presence of the parents was very motivating for the young leaders who vowed to fulfill their promises through positive actions to take LIS to new heights.

After School Programs @ LIS

Loyola International School is taking a proactive approach to utilize students' after-school hours by introducing exciting After School Programs. These programs aim to enhance children's profiles and allow them to make the most of their free time. Currently, the school is offering specialized training in Badminton, Football, and Cricket, providing students with opportunities to develop their skills and passion for sports. By introducing these programs, Loyola International School is fostering a well-rounded education that goes beyond the classroom, promoting physical fitness and teamwork among its students.

Revamping of Loyola

At, Loyola International School, our mission has always been to provide a conducive learning environment for our students while also building their character through various activities and programs.

To achieve this goal, we introduced the Loyola Authentic Magical Program (LAMP) this year. LAMP aims to equip our students with life skills and build their personalities through activities and various sessions. We believe that our students will be better prepared to handle the challenges that the world may throw at them with these skills and experiences.

We are elated to share that we have welcomed our first batch of Grade 11 students. The Science and Commerce streams are now available at LIS, offering students a range of options to explore their passions and career paths.

Understanding the importance of physical education, we introduced two PE periods for every grade, starting from Grade 1 to 8. Our experienced PE teachers help students develop their physical abilities while teaching them the rules and skills of different sports. Each month has a dedicated time to teach a different sport, giving students a chance to explore and find their interests in different activities.

Aiming at exposing our students to all genres of learning and making them a rounded personality, music has been added as a part of weekly activities.

We also believe in the importance of school uniform and have made it mandatory for students of grades 5 and above to wear our school blazers. This will not only instill a sense of pride and belonging among our students but also help to maintain a sense of uniformity and discipline.

At Loyola International School, we are committed to providing our students with an enjoyable and enriching educational experience. We are constantly striving to improve and adapt to the changing needs of our students and the world around us.

Results of Grade 10's Pilot Batch

Loyola School is beaming with pride as it celebrates the remarkable achievements of its students in the recent Board examinations. This year marks a significant milestone for the school, as it proudly presents its first-ever batch of Grade 10 students who took part in the board examinations. The results have surpassed all expectations, with the top three scorers setting an exemplary benchmark. Fathimath Sheza, Sanika Pansare, and Neuza Armindo have emerged as shining stars, securing impressive overall percentages of 94.5%, 93.8%, and 93.3%, respectively. Their outstanding performances are a testament to their hard work, dedication, and the school's commitment to academic excellence. Their achievements were applauded and recognized by Indian Cultural Center and were felicitated. Loyola School congratulates these talented individuals and commends the entire batch for their exceptional results, fostering a sense of pride and motivation among future students.

Kindergarten

Our Kindergarten students have been on an incredible journey of growth and learning. They began their academic adventure with the excitement of "My First Day in KG" in March, fostering anticipation and promise. They embraced healthy living on "World Health Day", learning the importance of handwashing. The "Sensory Retreat" was an immersive experience, teaching them about the vital role of sensory organs. These young learners also honed their fine motor skills through various activities in the entire course and embraced life skills like laundry. They celebrated workers on "Labour Day," expressed love for their mothers through a myriad of Competitions, and enjoyed "KG Fun Week." They even celebrated their second mothers, their teachers on Teachers Day. Autumn brought a creative exploration of the season, and "Show & Tell" improved speech and understanding. Our Kindergarten journey is full of joy, learning, and unforgettable moments!
